

Georgia Mountains Healthcare Coalition

(Region B) Quarterly Meeting

Presented by: Donna Sue Campbell and Matthew Crumpton

Date: August 21, 2019

Agenda

Georgia Mountains Healthcare Coalition (Region B) Quarterly Meeting Agenda

November 20th 10:00 AM – 1:00 PM

Lanier Technical College Ramsey Conference Center
2535 Lanier Tech Drive, Georgia 30507

- Opening Remarks and Introductions
- Coalition information/updates
 - Region B website
- Training Updates
 - TECC, TEPW
- Exercises
 - Pediatric Tabletop – January 29?
- Multi Year Training and Exercise Plan
- ITDN Full Scale Exercise November 4-8 Update
- Ebola Grant Funding - Update
- Budget Update
- Workgroup for Pediatric Plan
- PH, GHA and State Updates
- Hospital, EMA, LTC, Behavioral Health, ARC, other partner updates
- Open Forum

Future Region B Coalition Meeting Dates:

February 19th

MATF (Mutual Aid Task Force) Meetings: September 13 (Fri), Dec 12 (Th)

Location: Georgia Public Safety Training Center Bay A; 1000 Indian Springs Drive Forsyth, GA

• Other happenings:

- **National Healthcare Conference – Houston December 1-4**
- **EMAG Conference – Savannah April 15-17**

Matthew Crumpton, NRP, MEP, CEM-GA, EMHP

Emergency Preparedness Manager
Northeast Georgia Health System
743 Spring Street

Training Updates:

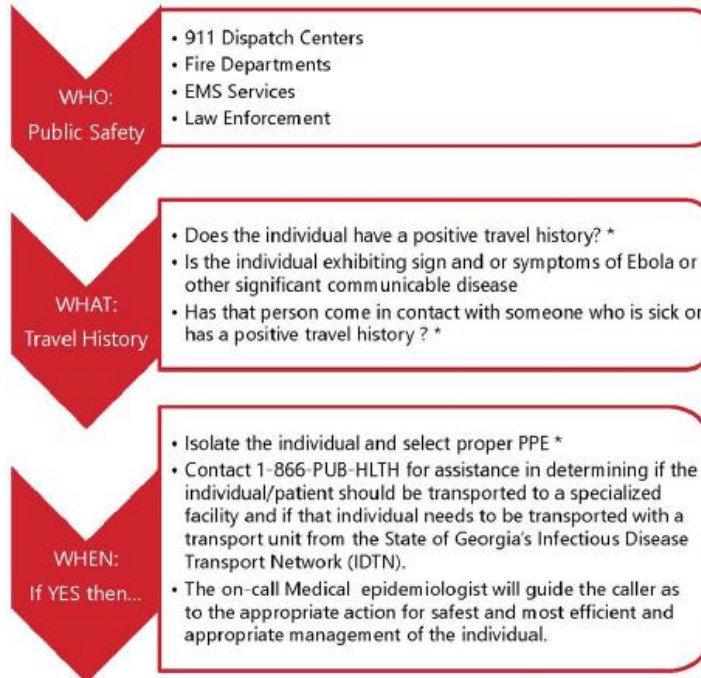

- **Trauma Nurse Core Class – Locations and Date?**
- **Rural Trauma Development Course - Locations and Date?**
- **Emergency Nurse Pediatric Care Course - Locations and Date?**
- **CMS Long Term Care EPEP Advanced Course – February 11 – Ramsey Conference Center**
- **February 24-26 – Tactical Emergency Casualty Care Course - Hall County Sheriffs Training Complex**
- **Infectious Disease Conference –March 6th**

Exercises Follow Up

- Infectious Disease FSE November 4-8
- Communications Drill November 6

Identify, Isolate, Inform:

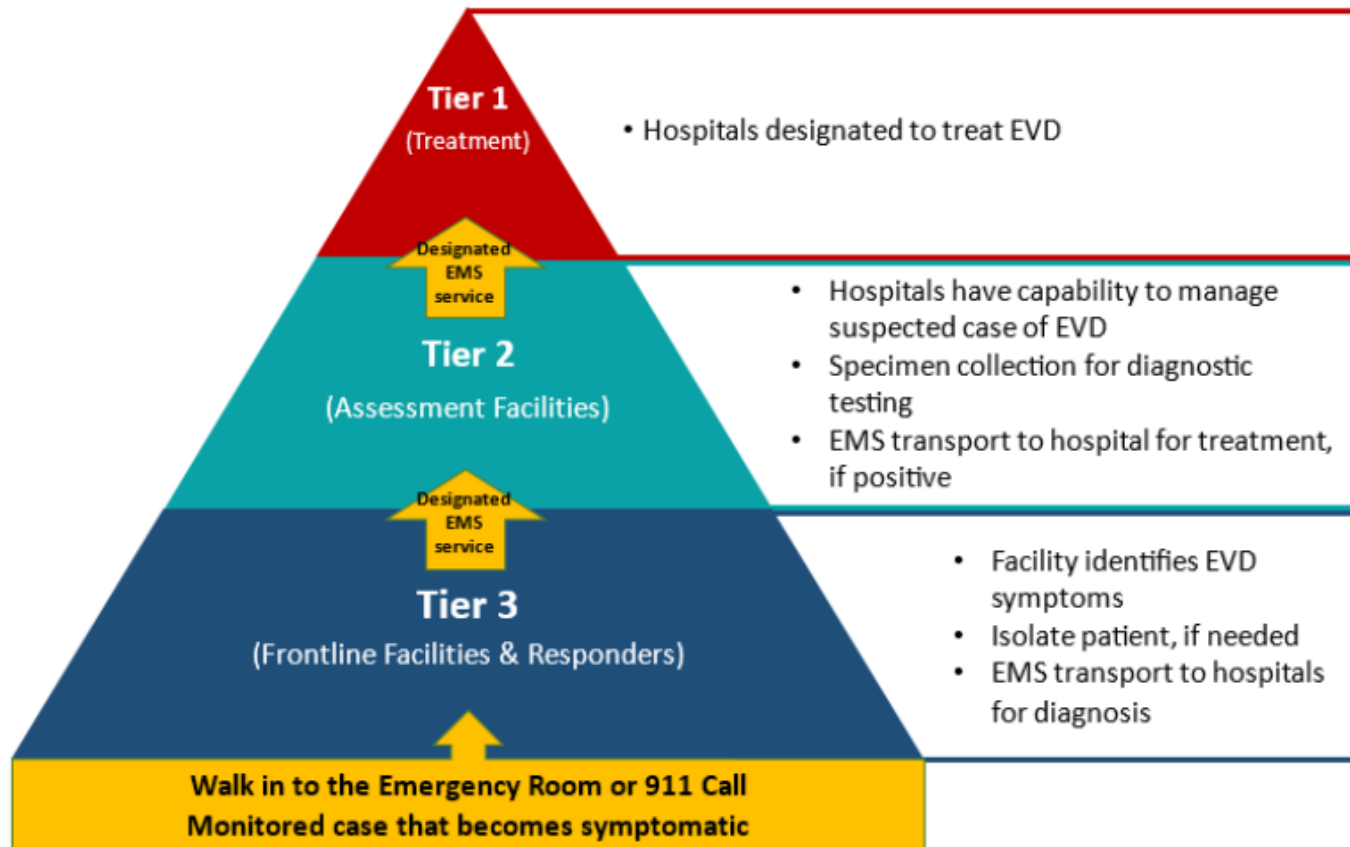

Management of Patients Who Present With Possible Ebola Virus Disease or Other Significant Communicable Disease

- Travel History: Travel to a known area where significant communicable diseases are prevalent. Travel must have occurred within the known incubation period.
- Proper PPE: As appropriate for Respiratory, Direct Contact or Droplet transmission of the suspected/known disease or virus.
- Public Health On-Call Medical Epidemiologist: 1-866-782-4584 or 1-866-PUB-HLTH

We Protect Lives.

Appendix G: Georgia's 3 Tiered System

Georgia Mountains Healthcare Coalition (Region B) Emergency Operations Coordination/ Communication Plan

Affected facility notifies:

1. Internal leadership
2. Local EMA
3. Coalition Executive Committee representative

Notification info to include:

- Geographic areas that are affected by the incident
- Incident overview (what happened)
- Number of people affected (approximate)
- Current operating status of affected facilities/agencies
- Anticipated needs/resources/support
- Pertinent info to incident (as requested)
- Whether contact has been made with local EMA
- Whether contact has been made with Healthcare Facility Regulation (HFR)

Healthcare Coalition Coordination Plan Activated

Plan activated at appropriate level by Executive Committee representative who was contacted **and** when one or more applies:

- ✓ Affected organization's current incident needs exceed available healthcare resources
- ✓ Affected organization's conditions could change such that need will exceed available healthcare resources
- ✓ Additional assistance outside of affected organization's respective healthcare discipline is required
- ✓ The situation is/could be of profound significance to the Coalition's regional healthcare delivery capability and deserves a heightened level of coordinated response

Activation Levels
(mirrors EMA activation levels)

Level 3.....Monitoring
 Level 2.....Elevated Awareness & Notifications
 Level 1.....Full Activation

See back of sheet for Activation Level definitions.

Plan Activation Notifications

Activating Executive Committee Representative (or designee) notifies:

- Remainder of Executive Committee (they notify respective regional and/or state contacts).

[If no word back from Executive Committee members, the RCH or HCL will continue contact attempts until successful.]

RCH or HCL notifies all of the Coalition members via Everbridge using Region B Coalition Group with instructions warranted by Activation Level and situation.

Via Everbridge, the order of communications is:

1. Landline
2. E-mail
3. Cell phone (voice)
4. Cell phone (text)
5. Pager
6. Fax
7. SouthernLINC radio
8. Amateur radio (HF, VHF & UHF)
9. 800 MHz radio

Plan Implementation
(ongoing situational awareness until incident/threat ends)

- GHA911 WebEOC – Coalition and appropriate partners (local/regional/ state) requested to monitor GHA911 WebEOC regional event log and respond to information requests as warranted by situation and Activation Level.
- Coalition Executive Committee representative who activated plan will implement plan and may “staff” the virtual “Regional Coordination Center” until replaced by a more incident- or discipline-specific experienced representative, if applicable.
- Longer response efforts and incident/event needs will dictate scheduling of shifts among available Executive Committee representatives.

Healthcare Essential Elements of Information (EEI)

EEI needed to ensure a common operating picture (COP) across the region:

- Available means of communications
- Facility operating status
- Staffing status
- Facility structural integrity
- Status of evacuations or sheltering
- Critical medical services (e.g., critical care, trauma)
- Critical service status (e.g., utilities, sanitation, ventilation)
- Critical healthcare delivery status (e.g., bed status, laboratory and radiology)
- Patient/resident transport
- Patient/resident tracking
- Critical/Acute Resource Needs (material, medications, utility back-up supplies, etc.)

(OVER)

GEORGIA MOUNTAINS HEALTHCARE COALITION
EMERGENCY OPERATIONS COORDINATION PLAN

Activation Levels

Level 3 Activation – Monitoring

Considered business as usual/normal duty activity where no incidents or threats are affecting facilities in the Region. Coalition members are practicing basic situational awareness, and any notifications or actions that need to be made will be communicated by the RCH to state-level agencies and Coalition partners as part of their everyday responsibilities.

Level 2 Activation – Elevated Awareness & Notifications

Considered a phase of heightened awareness due to a perceived or pending threat to the Region. The level of communication among Coalition members will increase in order to maintain a higher level of situational awareness. Coalition members should review plans and check resources/supplies as a response to this level of activation.

Level 2 Activation will consist of the following sequence of notifications:

1. The facility/organization who learns of pending threat will alert their organization leadership and staff, in accordance with their internal protocols.
2. Facility will notify county EMA Director of incident/threat.
3. Facility will notify designated Coalition Executive Committee representative
 - Notified Coalition Executive Committee representative (or designee) will notify:
 - Other Coalition Executive Committee representatives who will notify:
 - appropriate regional-/state-level partners
 - All Coalition members, as appropriate, who will notify:
 - Internal leadership and community partners, as appropriate
4. Executive Committee representative who activated Coordination Plan (or designee) may activate Regional Command Center and start a GHA911/WebEOC event log *for the Region* (named: Georgia Mountains Region [incident] [start date of incident; xx-xx-xx]).

Level 1 – Full Activation of Coalition

Activation will occur when a facility or multiple facilities in Region have been or will be affected by an incident/threat, and may need assistance and/or resources.

Level 1 Activation will consist of the following sequence of events:

1. Facility will follow their emergency operations plan, and alert their organization leadership and staff of incident/threat.
2. Facility will notify their county EMA Director of incident/threat.
3. Facility will notify designated Coalition Executive Committee representative.
 - Notified Coalition Executive Committee representative will contact other Coalition Executive Committee representatives
 - Coalition Executive Committee representatives will notify appropriate regional-/state-level partners
 - Notified Coalition Executive Committee representative (or designee) will notify all Coalition members
 - Coalition partners will notify their internal leadership and community partners as appropriate
4. Involved facility(ies) will follow their internal protocols and plans to manage the event.
5. Involved facilities will start a GHA911/WebEOC Event log for the event *for their facility*.
6. Executive Committee representative who activated Coordination Plan (or designee) will activate Regional Command Center and start a GHA911/WebEOC event log *for the Region* (named: Georgia Mountains Region [incident] [start date of incident; xx-xx-xx]).
7. Depending on the scope and severity of the event, the RCH may consider the handoff of RCH duties to another region.

**Coalition Members’
Executive Committee Representative**

Healthcare Coalition Pediatric Surge Annex Template

The [2019-2023 HPP Funding Opportunity Announcement \(FOA\)](#) requires Healthcare Coalitions (HCCs) to develop a complementary coalition-level Pediatric Annex to its base medical surge/trauma mass casualty response plan to improve capacity and capabilities to manage a large number of casualties that are children¹. According to the [2017-2022 Health Care Preparedness and Response Capabilities](#), HCCs “should promote...members’ planning for pediatric medical emergencies and foster relationships and initiatives with emergency departments that are able to stabilize and/or manage pediatric medical emergencies” (Capability 4, Objective 2, Activity 4).

This pediatric-focused operational annex is meant to be an annex to a coalition’s HCC Response Plan. It is intended to be a high-level response plan, identifying the experts and specialized resources that exist within the HCC, the mechanisms/ processes that will be used to determine which patients go to which facilities, and an understanding of how many children
